

# The Celestia Theme

v1.0.7

Razik Ikhlef

## ① LANGUAGE

**LANGUAGE** Sets the document language ([english](#) by default), which is passed to the [babel](#) package loaded by the theme.

```
1 \usetheme[
2     language=french,
3 ]{Celestia}
```

## ② FONTS

**MAINFACE** Main font for text and titles ([Literata](#) by default)

**MAINFACEOPTIONS** Options directly passed to [fontspec](#) for the main font

**SANSFACE** Sans-serif font for structural elements ([Inter](#) by default)

**SANSFACEOPTIONS** Options passed to [fontspec](#) for the sans-serif font

**MONOFACE** Monospace font for code ([Roboto Mono](#) by default)

**MONOFACEOPTIONS** Options passed to [fontspec](#) for the monospace font

**ALLSERIF** Uses the main serif font for mathematics

```
1 \usetheme[
2     mainface=EB Garamond,
3     mainfaceoptions={Scale=1.1},
4     sansface=Montserrat,
5     monoface=Fira Code,
6     allserif
7 ]{Celestia}
```

## ③ COLORS

**MAINCOLOR** Main color used for titles and accents ([LaTeX](#) svgnames or [HTML](#) hexadecimal code)

**ACCENTCOLOR** Secondary color for special elements

**BACKGROUNDCOLOR** Slide background color

**CODEBACKGROUNDCOLOR** Code block background color

**BLOCKCOLOR** Standard block color ([1A3B52](#) by default)

**EXAMPLECOLOR** Example block color ([1A5228](#) by default)

**ALERTCOLOR** Alert block color (**52281A** by default)

**UNICOLOR** Uses the main color for all text

```
1 \usetheme[
2   maincolor=045549,
3   accentcolor=E63946,
4   backgroundcolor=FAFAFA,
5   codebackgroundcolor=F5F5F5
6 ]{Celestia}
```

## ④ LAYOUT

**MARGIN** Content margin (**2em** by default)

**FRAMETITLE** Title style (**elegant**, **plain**, **centered**)

**DECORATIVE** Enables decorative elements

**NODECORATIVE** Disables decorative elements

**CENTEREDTITLE** Centers the title on the title page

**TITLERIGHT** Right-aligns the title

```
1 \usetheme[
2   margin=1.5em,
3   frametitle=centered,
4   decorative,
5   centeredtitle
6 ]{Celestia}
```

## ⑤ HEADERS

**HEADSTYLE** Font family for titles: **rmfamily** (serif) or **sffamily** (sans-serif)

**HEADSHAPE** Character style: **sc** (small caps), **it** (italic), **normal**

**HEADWEIGHT** Title weight: **bfseries** (bold) or **mdseries** (normal)

```
1 \usetheme[
2   headstyle=sffamily,
3   headshape=sc,
4   headweight=bfseries
5 ]{Celestia}
```

## ⑥ CODE

**CODEBOX** Enables code framing with **tcolorbox** (**true** by default)

**NOCODEBOX** Completely disables **tcolorbox** code framing

**NOCODEFRAME** Keeps **tcolorbox** but without visible border

```
1 \usetheme[
2   nocodebox,
```

```
3     nocodeframe
4 ]{Celestia}
```

## ⑦ FOOTER

**NOFOOTER** Completely removes the footer, except for the slide number

**QUARTERCIRCLEFOOTER** Displays only the number in a quarter circle at the bottom right

**FULLBARFOOTER** Creates a complete bar with author/title/date and number in a circle

```
1 \usetheme[
2     quartercirclefooter
3 ]{Celestia}
```

## ⑧ TABLE OF CONTENTS

**COMPACTTOC** Reduces vertical spacing between table of contents entries

**TWOCOLUMNTOC** Automatically distributes sections across two balanced columns

```
1 \usetheme[
2     compacttoc,
3     twocolumntoc
4 ]{Celestia}
```

## ⑨ BLOCKS

**BLOCK** Standard block for normal content

**EXAMPLEBLOCK** Block for examples

**ALERTBLOCK** Block for alerts

## ⑩ BLOCK STYLES

**SOBERBLOCK** The title adopts the main block color on the document's general background, while the body keeps a slightly tinted background (10%)

**SOFTBLOCK** The title and body share the same slightly tinted background (10%), with the title in the corresponding main color

```
1 \usetheme[
2     soberblock
3 ]{Celestia}
4
5 % or
6
7 \usetheme[
8     softblock
9 ]{Celestia}
```

## ⑪ STANDOUT PAGES

La commande `standout` transforme une diapositive en page spéciale, idéale pour les moments clés de la présentation : citations marquantes, chiffres essentiels, messages à retenir.
